## SABAL PALM

The beautiful, hardy native Palm which succeeds in the whole region bordering on the Gulf and along the Atlantic as far north as Cape Hatteras. Strong plants, 45c; Medium, 75c; Large, 95c. Charges collect.

## PHOENIX CANARIENSIS

A stately Palm with large trunk and large pinnate, gracefully curved leaves; a very rapid grower; very hardy and one of the best for outdoor planting in the Gulf Coast country. Medium, 60c each; 2 to 3 feet, 90c. Charges collect.

## CHAMAROPO EXCELSA

This Palm has a rather slender trunk and flat, fan-shaped leaves borne on slender stems. It is one of the hardiest varieties known, and if any Palm will stand the winters of a given section out-of-doors, it will. It reaches a height of about 15 feet. Well-grown specimens are particularly handsome and graceful, and where a Palm is desired for the small garden in the colder sections, it has no superior. 10 to 12 inches high, 8 to 10 leaves, 50c; 12 to 15 inches high, 90c. Charges collect.

## Bulbs

### AMARYLLIS (Johnson)

Sometimes called St. Joseph Lily. The color is a fine crimson scarlet with a broad white strip down the center of each petal. Very fine for pot culture. Large Blooming Bulbs, 30c each; 6 for \$1.15. Postpaid.

Amaryllis Vittati. The flowers are very large and have a wonderful mixed color range from red to rose striped and variegated, they are unexcelled among bulb flowers. Blooming size, 40c; or 6 for \$2.05. Postpaid.

### CRINUMS

Sometimes called the Southern Lily. The sword-shaped leaves form a rosette from which very large fragrant flowers appear in immense clusters. Fine for planting along fences and center of beds.

Kirki. Soft delicate pink with a light red stripe down through each petal. Capense. White striped, rose color on the back of each petal.

Capense alba. White and very fragrant.

Prices on the three varieties—25c each; 6 for \$1.05. Postpaid.

### HEMEROCALLIS

Tawny Day Lily. Fine for border plants with large lily-shaped flowers borne on long stems. Very profuse bloomer. Fine for planting in front of shrubs. Deep orange colors.

6 for 35c or 12 for 70c. Postpaid.

### MONTBRETIA

Few people have ever seen this flower with flower spikes similar to the Gladiolus blooming from early May until late frost. Beautiful as a border plant or for foundation plantings and unexcelled as a cut flower.

Crocoseaeflora. Gold with a throat of burnt orange; very free-flowering. 6 for 30c; 12 for 50c; 100 for \$3.45. Postpaid.

### WHITE SPIDER LILY (Caribaea)

This grand Lily forms large imposing clumps that are a mass of clustered heads of pure white fragrant flowers. 6 for 75c. Postpaid.

### WE PAY POSTAGE

### CALADIUM

Fancy-Leaved Bulbs. These come in all the colors of the rainbow, making fine plants for separate pots, window boxes or vases. As Fancy-Leaved Caladiums are very tender to cold, we advise you not to plant before March outside. 30c each; \$3.00 per dozen. Postpaid.

Elephant Ear Caladium. Do not confuse this variety with the Fancy-Leaved variety. It grows 4 to 5 feet tall and has immense leaves shaped like an elephant's ear, hence the name. Large Bulbs, 2 for 30c; 6 for 80c. Postpaid.

### TUBEROSES

Mexican Everblooming. Single pure white flowers, excellent for cut flowers; easily grown; very fragrant. 6 for 30c; 12 for 50c. Postpaid.

### NERINE

(Guernsey or Red Spider Lily)

Of unusual beauty, blooming in the early fall. Fine for borders or pots and requires perfect drainage for best results. 6 for 90c. Postpaid.

## Gladiolus Collection

Our Gladiolus Collection is proving so popular that we again offer it in the finest and latest creations. In this mixture you will find all the colors of the rainbow from white to the most delicate shades of pink, lavender and red. In order to have a continuation of bloom through the season one should make several plantings at intervals of two weeks, beginning middle of January, continuing through June.

Prices: Fine Blooming size bulbs, 35c per dozen; 4 dozen for \$1.15; 100 for \$2.30. Postpaid.

## Miscellaneous Plants

### BEDDING PLANTS

No home is complete until the proper decorations have been placed in the several rooms and on the verandas, also porch and window boxes. In our greenhouse department we are endeavoring to produce strong healthy plants in such profusion of variety that you may select to suit your particular needs.

### GERANIUM

S. A. Nutt. Crimson Red. This is the finest of dark crimson Geranium; has now taken the lead as a bedding Geranium.

Beauty Poitevine. Light Pink. Beautiful shade of shrimp pink. This variety is a universal favorite and deserves its reputation.

Ricardi. Vermillion. Most beautiful shade of bright vermillion. A grand variety.

Buchner. Pure White. The best white Geranium for all uses.

### PELARGONIUMS

Lady Washington Geraniums. One of the grandest of all flowering plants; does not resemble the common Geranium in foliage or in bloom; more beautiful in every way. The Lady Washington Geranium is the handsomest of all flowers; once seen never forgotten. We have the best varieties for the South.

3 for 60c. Postpaid.

### COLEUS

The Coleus is aptly called the garden-er's paint-box. We have a superb assortment of the most brilliant colors; fine for pots, bedding; used as bedding plants in parks and lawns everywhere.

Trailing Queen Coleus. Center of leaves bright red or pink with a broad border of emerald green. Its long branches drooping gracefully in festoons two or three feet long, making a very showy plant for hanging baskets. 3 for 35c. Postpaid.

### MIXED COLEUS

Mixed Coleus for hanging baskets, porch boxes, borders and beds of the bush varieties in a riot of colors. 3 for 35c. Postpaid.

### BOUGAINVILLEA

Bright festoons wonderfully along the walls in conservatories and sun rooms; or when trained on compact wire trellis forms, tubs or large jars.

Crimson Lake. This is one of the most notable vining plant introductions in years. Its numerous clustered, crinkly, paper-like bells in their emerald setting are an incomparable brilliant crimson-like color. Medium size plants, 30c each. Postpaid.

Glabra-sanderiana. Large bell-shaped flowers of lilac-rose borne profusely in terminal clusters all over the plant; blooms when quite small. Medium size 30c. Postpaid.

### PANSIES

One of the most satisfactory plants. We have the choicest large flowering sort in an assortment of colors unsurpassed.

There is no flower more admired than the Pansy. Our assortment of colors embraces Striped, Spotted, Bordered, Fringed, Ruffled and Scalloped, in Rainbow colors, with rich velvety texture. 12 for 35c; 50 for \$1.15; 100 for \$2.20. Postpaid.

### PERFECTION MAMMOTH VERBENA

Free flowering half hardy perennial of low spreading growth, usually treated as an annual. They make fine beds and edging. Our Verbenas have been carefully selected and can recommend them as the very best that you can obtain. The trusses and individual flowers of our Mammoth Verbenas are of brilliant colors, free-blooming, and are vigorous growers.

Lucifer. Vivid Scarlet, one of the best for porch boxes.

Mayflower. True Pink. The tallest growing of the Verbena family.

True Beauty. Lavender. This is one of the most delicate in colors in the Verbenas. Admired by all. 12 for 35c; 100 for \$2.00. Postpaid.

Double Fringed Petunias. These are large flowering, very double, finely fringed, petals fluted and crinkled giving high lights and shadow effects in a variety of colors; in short these petunias are unsurpassed by any others in the world. 3 for 40c. Postpaid.

## Flowering Begonias

Begonias are fine to plant on the north side of houses or in front of porches; will do well in pots in the shade; make lovely house plants, as the foliage and flowers are extremely ornamental and are in great demand.

Chatelaine Supreme. New everblooming Begonia. Finest bloomer known; low bushy habit and literally covered in a wealth of beautiful Christmas red flowers, with yellow stamens.

Coralline Lucerne. Wonderful new Begonia bearing immense flower clusters of bright coral red, changing to delicate pink. Every lady who has seen it in bloom has bought one.

Alba Pieta. Long thick leaves silvery spotted with pink flowers.

Alba Perfecta, or White Rubra. Medium long light green leaves; large trusses of pure white flowers with yellow stamens.

Sandersonii. A coral Begonia with scarlet crimson flowers, blooming continually.

Feastil or Beefsteak Begonia. Of spreading habit, leaves circular and of extra heavy texture, red underneath giving the effect of a beefsteak, glossy olive green above. Flowers dainty coral red. Grown as easy as a Geranium.

Star Begonia. Very large leaves of a rich green with reddish markings, velvety surface; bloom is a magnificent pink borne in spray like clusters lifted quite clear of the foliage.

Angel Wings Begonia. A very sturdy grower, with long pointed thin green leaves drooping, giving them the appearance of angel wings bearing clusters of immense pink flowers with pink stamens. The best of the large growing Begonias.

All Begonias, 3 for 40c; 6 for 75c. Postpaid.

## Ferns and Decorative Plants

No home ought to be without Ferns, which serve as splendid decorative plants in the house, as well as for hanging baskets and porch boxes.

Boston Fern. (Nephrolepis.) We have some beautiful specimens. The fronds frequently attain a length of five to six feet; graceful drooping habit. It can be used as a house plant or under shade trees in summer. This is a standard and most popular variety.

Ostrich Plume. (Nephrolepis.) It has taken gold medals wherever shown, and is one of the most valuable ferns introduced in many years. The decorative fronds are made up of many leaflets that are finely divided, making it a charming fern.

Norwood Fern. New fern with a cast of blue that softens the green fronds finely cut, each pinna is crested giving a unique appearance. Becoming famous through the United States. Fine plants.

Exalta or Sword Fern. This fern is without doubt the most popular fern, and the living room, being very showy and easy to grow. They are grown in pots on pedestals or in hanging baskets or window boxes.

Roosevelt (Nephrolepis). There is no fern that will compare with this new and charming variety; it is generally like the Boston Fern, but produces many more fronds, making it bushier and more handsome.

### TEDDY JUNIOR FERN

The Fern for every Household. Fronds are broad and beautifully tapered from base to tip; they droop just enough to make a shapely, graceful plant, producing about four times more fronds than any other Fern introduced.

Baby's Breath Fern. This is the most delicate of all lace Ferns and really looks like filigree work. It is finer and more ornamental than any of the others. And makes a Table Fern par excellence. All preceding Ferns—Fine Young Plants —3 for 40c; 6 for 75c. Postpaid.

Feather Fern (Asparagus Sprengerii). A magnificent porch or basket plant in the South. The fronds or leaves grow four to five feet long. When cold weather comes it makes a splendid house plant and will succeed under most adverse conditions.

Lace Fern (Asparagus Plumosa nanus) A tall climbing decorative plant and one of the rarest and best. Its bright green foliage is extremely fine and plume-like. The fronds grow from 6 to 8 inches in width, and when cut retain their color and shape for weeks. Fine Young Plants. 6 for 50c. Postpaid.

### ENGLISH IVY

The well known English Ivy. An excellent covering for walls and tree trunks 25c each. Postpaid.

## EVERLASTING BLOOMER or IMPATIENS

Sultani. Orange pink flowers. Red. A beautiful shade of red. Brilliant. A fiery red. Lilac. This is a beautiful shade. 2 for 30c. Postpaid.

## LANTANA or SHRUBBERY

Excellent everblooming bedding plant, affording a great variety of colors. They make splendid specimen plants for the lawn, porch box or urn. Their free-blooming has made them extremely popular. Colors: Pink-yellow; Pink-cream center; White; Red-orange center.

## LANTANA—WEeping

A plant of graceful weeping habit with profusion of lilac flowers, unsurpassed for baskets and porch boxes.

Both Lantana—15c each. Postpaid.

## SANSEVIERA ZEYLANICA

A beautiful plant, especially adapted to house culture during cooler months, and for porches during summer. Leaves are beautiful striped cross-wise with white variegation on a green ground. Withstands dust and drying out without damage, and can be placed in any part of a room and do well. A beautifully decorative plant for vases and baskets. 15c each. Postpaid.

Sansevieria Laurenti. Same as above but with gold band around the edge of leaf. Very beautiful. A new one. 25c and 35c each. Postpaid.

Cleodendron. A viny plant with large cluster of white flowers with red center, a very satisfactory pot or tub plant. 25c. Postpaid.

Moses in Bullrush. Has long narrow leaves that are green on top and light purple underneath, white flowers. 25c. Postpaid.

Allamanda. A climbing plant with golden yellow flowers about two inches across in clusters, very beautiful. 25c. Postpaid.

Aloe. Beautifully curved fleshy leaves, of light green, fine as an individual plant. 25c. Postpaid.

Calthinus. Very similar to Coleus except that it is a much better sun plant. 3 for 30c. Postpaid.

Thunbergi or Sky Vine. A slender vine with spikes of lavender blue flowers of trumpet shape. 30c. Postpaid.

Grand Duke Jassimene. A very double white flowering passimine, very fragrant, leaves shiny green. 35c. Postpaid.

## GIANT ZINNIAS

Our Giant Dahlia Flowering Zinnias are simply grand in a mixture of color, rich and brilliant, making not only the grandest beds and borders but rank with the finest Chrysanthemums as cut flowers. They are profuse bloomers, rank growers and literally cover the bushes with huge, double flowers 4 to 6 inches across. These Zinnias will be the delight of your flower garden. 30c per dozen; \$1.40 per 100. Postpaid.

## SILVER PAMPAS GRASS

This beautiful grass has large clumps and has immense plumes of silvery color often two feet or more long, lasting for many weeks. Very fine as individual plants. Strong clumps, 25c. Specimen clumps, 45c. Charges collect.

## Japan Persimmons

FUYUGAKI—Not astringent, light fleshed, edible while still hard, may be eaten like an apple. Medium size, rather flattened, very prolific.

Tamopan. Fruit large to very large, flattened oblong; flesh white, sometimes about the middle; color golden red; fruit astringent until fully ripe; quality very fine, it makes a large tree.

Tane-Nashi. Large to very large, roundish, conical pointed, very smooth and symmetrical, skin light yellow, changing to bright red; flesh yellow and seedless; quality very fine; vigorous; prolific, uniform size.

Triump. Medium tomato shaped; skin red; flesh yellow; generally has a few seeds; very productive; quality best. 2 to 3 feet 25c; 3 to 4 ft. 35c; 4 to 5 ft. 50c; 5 to 6 ft. 75c. Charges collect.

SATSUMA ORANGE. 20c and 25c. and 35c. Charges collect. Kumquats. 25c and 30c. Charges collect.

PECANS. 4 to 5 ft. 50c; 5 to 6 ft. 65c; 6 to 8 ft. 80c; 8 to 10 ft. \$1.00. Charges collect.

## Grapes

Agawam—Strong growing vine with large bunches, with blue-black berries.

Carman—Large bunches, black berries, ripens evenly. Very popular. Scuppernon. Muscadine type. Bunches composed of eight to ten very large berries, bronze-colored when fully ripe; flesh pulpy and sweet.

All Grapes, 2-yr. Plants 30c. Postpaid.

## Plum

Excelsior—Fruit large, deep wine red with small pits, excellent flavor.

2 to 3 ft. 35c; 3 to 4 ft. 50c.

Write for Prices and Description on Wonderful New Variety.

## Terms of Business

Location: Office and Nurseries  
FOLEY, BALDWIN COUNTY, ALABAMA, On the L. & N. Railroad

INVITATION TO VISITORS.—We take pleasure in showing our stock to persons interested.

TERMS.—Cash with order, if for immediate shipment. Orders for trees to be held for some weeks after the shipping season opens should also be accompanied by full payment. On orders booked in advance of shipping season, 25 per cent down, with the balance due when the shipping season opens. We do not care to ship C. O. D.

REMITTANCES.—To secure safety and prompt acceptance, remittances should be made by Bank Draft, Express or Post-Office Money Order, Registered Letter, Prepaid Express, or Certified Check.

SHIPPING DIRECTIONS.—Kindly indicate whether shipment is to be made by freight or express; otherwise we will use our best judgment, in the interest of the customer.

TRANSPORTATION AT PURCHASER'S RISK AND EXPENSE.—Our responsibility ceases upon delivery to forwarding companies. Claims for losses or damages must be made upon the latter. We will, however, start a tracer for delayed shipments, if notified, and use every means at our command to secure prompt delivery, or recovery in case of damage or loss. All freight and express charges are to be paid by purchaser.

## WE PAY THE POSTAGE

SHIPPING AND PLANTING SEASON.—November to March for all trees and shrubs grown in the open field. Balled and pot-grown plants may be shipped at any time. Shipments from March to November should go by express or post. Prices in this catalogue cover the shipping season of 1934 and 1935 ending first of May, 1935.

SUBSTITUTION.—Substitution of varieties will not be made without permission from customers. On small orders, items which we are unable to supply will be omitted unless we are instructed to substitute.

Labels attached to everything sent out.

WE GUARANTEE all stocks sent out to be well rooted, well grown, true to name, properly packed, and shipped according to instructions. Our liability under the foregoing quantity is limited in amount to the original price received.

CLAIMS.—If, by any possibility, errors should occur they will be promptly rectified, if claim is made within five days after the receipt of the goods.

## Perfection Roses

Abbreviations Used: T.—Teas. H. T. Hybrid Teas. H. P.—Hybrid Perpetuals. H. W.—Hybrid Wichuraiana. Mult.—Multiflora. N.—Noisette. Pol.—Polyantha.

### YELLOW AND SALMON ROSES

Luxembourg. (H. T. Bush.) A very remarkable rich orange-yellow flower, with coppery shadows and creamy yellow tips.

The plant is a profuse bloomer and very vigorous. The most generally satisfactory Yellow Rose for the South.

Lady Hillington. (T.) Beautiful long buds opening into cup-shaped flowers of golden yellow with no other shades. One of the best, most dependable yellows. 40c.

President Herbert Hoover. The fame of this wonderful multi-colored rose has swept the country and certainly no rose planting would be complete without it. It combines many shades of cerise-pink, flame, scarlet, and yellow, the long buds being beautifully formed.—40c.

Rev. F. Page Roberts. The inner face of the petals is a soft buff yellow, and the reverse a rich salmon, while the buds are often stained with copper red.—40c.

Talisman. This vividly colored rose has received much publicity and it actually does merit all of the fine things that are claimed for it. The coloring is truly marvelous, being a mixture of orange and yellow in irregular proportions, varying so much that no two flowers are alike. Fairly double, borne on long stems; exceedingly sweet-scented. 40c.

Sunburst. (H. T. Bush.) One of the finest yellow roses, in color coppery yellow with golden orange in deeper shades; immense buds, long and pointed.

Madam Butterfly. (H. T. Bush.) A free bloomer, with beautiful buds of Indian ochre with yellow at the base, and intermediate tones of clear brilliant shades of coral, opening into semi-double flowers.

Emily Gray. (H. W. Climber.) A new yellow rose with long buds and golden yellow flowers that do not fade.

Climbing Perle des Jardins. (T. Climber.) There is no more satisfactory climbing Rose than this. In our opinion it is a better Rose than Marchal Niel, which it closely resembles. The new foliage is a beautiful wine-color. It is free blooming.

Mary Wallace. (H. W. Climber.) A new Rose (by Dr. Van Fleet; introduced by the American Rose Society in 1924.) Large, very bright pink flowers illumined with shining gold; cup shaped, moderately fragrant.

### WHITE ROSES

Kaiserin Augusta Victoria. (T. Bush.) This is one of the most popular of the white roses, with large pointed buds.

Frau Karl Druschki. (H. P. Bush.) Sometimes called the White American Beauty. Buds fine and large, usually pure white, but sometimes with a slight shading of pink on the outer petal. The open flowers are of great size and the cluster of deep yellow stamens adds a touch of color at the center. A heavy growing rose and extremely hardy.

Kilarney. (H. T. Bush.) Identical with the Pink Kilarney, of which it is an offspring except in color, which is glistening white. One of the most beautiful roses in the bud.

Maman Cochet. (T. Bush.) Of the same habits, size of bloom and delicate fragrance as the Pink Cochet, but of pearly white shading to a most delicate pink that it is easily ranked as one of the best roses.

Devoniensis. (T. Climber.) It is perhaps the strongest growing of the tea roses. The flowers are white. It is a favorite with all who know it.

White Maman Cochet. (T. Climber.) A fine strong-growing white climber, flowers and foliage of White Maman Cochet.

K. A. Viktoria. (H. T. Climbing.) Has the same good qualities as the bush variety listed under the whites, but is a climber.

### RED ROSES

American Beauty. (H. W. Climber.) A strong, healthy, vigorous grower, frequently making shoots 10 to 12 feet long; good size flowers for a climber, blooming so freely; color a pleasing rose pink.

Virginia R. Cox. (T. Climber.) The reddest of the red roses—bright, dark and rich. It blooms in wonderful profusion throughout the season, and it is a good grower. It is very sweet-scented.

Virginia R. Cox. (H. T. Bush.) Also called Grass on Teplitz, one of the reddest of roses; heavy bloomer and very fragrant.

\* Greenhouse Plants \*

Reine Marie Henriette. (T. Climber.) It is one of the finest red climbers; the buds are cherry red, large and pointed, and the large open flowers are no less beautiful. A very fine growing rose.

Etoile De France. (H. T. Bush.) Lovely shade of clear velvety crimson. Fine form, buds borne on strong stiff stems; good grower and very heavy bloomer.

Francis Scott Key. Red, shading to cerise; very large with a profusion of petals opening to a high center.

Red Radiance. (H. T. Bush.) Vigorous grow

## BIOTA

Rose-ale. An Arbor-Vitae of very compact rounded habit of growth, with a very dense feathery blue green foliage presenting a smooth uniform habit of growth, making it extremely attractive in all distinctive plantings either as specimens or groups where individual characteristic is desired and needs no shearing.

4 to 5 ft. B.&B., charges collect 1.70  
5 to 6 ft. B.&B., charges collect 2.00

Chinese Pyramidal Arborvitae. One of the tall and hardy variety, of pyramidal habit of growth, bright green foliage; very desirable for screen plantings. An occasional shearing improves symmetry of growth.

Chinese Compacta Arborvitae. Bright green compact foliage with round dwarf habit of growth. This is the best of the Chinese Compacta Arborvitae.

15 to 18 in. B.&B., charges collect \$ .60  
18 to 24 in. B.&B., charges collect .70  
24 to 30 in. B.&B., charges collect .80

## PODOCARPUS

Podocarpus Chinensis (Japanese Yew.) Dark green leaves with upright stems that grows well in full sun or shade; of slow growth.

8 to 10 in. P.R., postpaid \$ .30  
12 to 18 in. B.&B., charges collect .60  
18 to 24 in. B.&B., charges collect .90  
2 to 3 ft. B.&B., charges collect 1.15

Thuja occidentalis pumila. A very dwarf compact grower, with bright green foliage; globe-like form; very desirable.

10 to 12 in. B.&B., charges collect \$ .60  
12 to 15 in. B.&B., charges collect .70  
15 to 18 in. B.&B., charges collect .90  
18 to 24 in. B.&B., charges collect 1.15

Thuja occidentalis Woodwardi. A dense dwarf, globe with height and diameter equal, with deep green foliage.

10 to 12 in. B.&B., charges collect \$ .60  
12 to 15 in. B.&B., charges collect .70  
15 to 18 in. B.&B., charges collect .90  
18 to 24 in. B.&B., charges collect 1.15

Juniperus Sabina (Savis Juniper) Slow growing semi-erect with dark green foliage which will not turn brown in winter.

12 to 15 in. spread B.&B., chgs. col. \$ .70  
15 to 18 in. spread B.&B., chgs. col. .90  
18 to 24 in. spread B.&B., chgs. col. 1.15

## RETINOSPORA

Plumosa. (Plume Cypress.) Main stems erect but side shoots assume a plume-like arrangement. The branches are slender and pliable, imparting a feathery appearance. Delicate, glaucous foliage.

Plumosa Aurea. (Golden Plume Cypress.) One of the few really golden evergreens. The color of the young growth contrasts strongly with the darker shades of the older foliage.

Retinospora Squarrosa. Of dense habit of growth with soft beautiful silvery blue green foliage, arranged in spirals of irregular shape. Very distinctive against the dark green foliage of other plants.

## Prices on Retinoporas:

10 to 15 in. P.R., postpaid \$ .35  
15 to 18 in. P. R., postpaid .50  
18 to 24 in. B.&B., charges collect .80  
24 to 36 in. B.&B., charges collect .95  
3 to 4 ft. B.&B., charges collect 1.15  
4 to 6 ft. B.&B., charges collect 1.70

Retinospora Plumosa Argentea. A dwarf compact, globular form with foliage soft and edges silver tipped. Extra fine for border or beds and in runs. 12 to 15 inch, \$2.00; 15 to 18 inch, B.&B. express, \$2.50.

Retinospora ericoides. A beautiful conifer, dense and compact in growth. Naturally it is an upright grower and may be pruned in very narrow, columnar shape. The foliage is a dark bluish green.

## ITALIAN CYPRESS

This well known and popular evergreen is most desirable where formal effect is desired.

2 to 3 ft. B.&B., charges collect \$ .70  
3 to 4 ft. B.&B., charges collect .90  
4 to 5 ft. B.&B., charges collect 1.15  
5 to 6 ft. B.&B., charges collect 1.40

## Broad-Leaved Evergreens

Let Us Plan and Plant Your Home With These and Other Shrubs

Broad-Leaved Evergreens have become one of the most important items for beautifying your home.

A good planting serves two purposes, utility and beauty. In the case of deciduous trees we need them for their shade, to add coolness to porches and rooms otherwise exposed to the hot summer sun as well as for their lights and shadows which break the bareness of plain walls. Some are also used with taller growing shrubs and evergreens to screen unsightly views and draw the eye through vistas to more attractive spots. With screening go borders and hedges which serve to define property lines and make pleasant groups. Even in small borders there are many flowering shrubs to select, and color effects of bloom and berries may be obtained for many months.

## ABELIA

Abelia Grandiflora. (Glossy Abelia.) One of our most beautiful, popular and satisfactory Broad-leaved Evergreens. The graceful, drooping stems and branches are covered with dark, glossy leaves which in winter assumes a metallic sheen. From early spring until frost this plant produces an immense quantity of trumpet-shaped white flowers tinged with pink, about an inch long, which are borne in clusters.

8 to 10 in. P.R., postpaid \$ .20  
12 to 15 in. P.R., postpaid .25  
15 to 18 in. P.R., postpaid .30  
18 to 24 in. express collect .35  
2 to 3 ft. B.&B., charges collect .55  
3 to 4 ft. B.&B., charges collect .60  
4 to 5 ft. B.&B., charges collect .70

## AZALEA

The Azalea is among our most handsome shrubs, producing an abundance of flowers in early spring. In making up the bed, rotten leaves, wood mold or muck and decomposed cow manure should be used liberally. Limestone soil should be avoided. After planting once or twice a year they should be thickly mulched with leaves from hardwood trees. Half shady situations are well adapted, or they may be planted in full sunshine, providing they are well stocked with water. The drainage should be good and water should be supplied abundantly. Good care given an Azalea bed will produce a wealth of bloom in early spring that cannot be surpassed in beauty and grandeur. We have an extra fine stock of plants to offer this season in all shades of pink, red, lilac and white. These plants are not tender lath house grown, but strong field grown plants. All plants B. & B.

8 to 12 in. P.R., postpaid \$ .35  
or \$3.75 per dozen  
12 to 18 in. B.&B., charges collect .50  
or \$5.00 per dozen  
12 to 18 in. B.&B., charges collect .75  
or \$8.00 per dozen  
18 to 24 in. B.&B., charges collect 1.50  
or \$15.00 per dozen

## CAMELIA JAPONICA

This is one of the best flowering broad-leaved evergreens; leaves of a deep glossy green with flowers of an extremely beautiful waxy petals blooming during the winter months. Colors are white, red, pink and variegated.

8 to 12 in. defoliated P.R., postpaid \$ .60  
12 to 15 in. defoliated P.R., postpaid .75  
15 to 18 in. B.&B., charges collect 1.00  
18 to 24 in. B.&B., charges collect 1.25

## NANDINA DOMESTICA

A beautiful upright-growing shrub, with numerous reed-like stems springing from the same root. Leaves deep, glossy green, when young tinged with red. In winter beautiful coppery tones are assumed; white flowers produced in long panicles, followed by masses of small, bright red berries, which are retained all winter.

6 to 10 in. P.R., postpaid \$ .30  
10 to 12 in. P.R., postpaid .40  
12 to 15 in. P.R., postpaid .50  
12 to 15 in. B.&B., charges collect .70  
15 to 18 in. B.&B., charges collect 1.00  
18 to 24 in. B.&B., charges collect 1.15  
2 to 3 ft. B.&B., charges collect 1.40

## GARDENIA (Cape Jasmine)

Very popular evergreen shrubs with bright glossy foliage. Hardy as far north as Virginia and Tennessee. They do well in almost any well-drained soil. Large fragrant waxy white flowers are freely produced in spring time.

8 to 10 in. P.R. defoliated, postpaid \$ .25  
10 to 12 in. P.R. defoliated, postpaid .35  
12 to 15 in. P.R. defoliated, postpaid .50  
15 to 18 in. B.&B., charges collect .70  
18 to 24 in. B.&B., charges collect .90

Gardenia Radicans. (Dwarf Cape Jasmine.) A very dwarf trailing Cape Jasmine; foliage very small and variegated; flowers white, very fragrant. Most desirable where a low effect is desired.

6 to 8 in. P.R., defoliated, postpaid \$ .25  
8 to 10 in. P.R., defoliated, postpaid .35  
10 to 12 in. P.R., defoliated, postpaid .45  
12 to 15 in. B.&B., charges collect .70  
15 to 18 in. B.&B., charges collect .90  
18 to 24 in. B.&B., charges collect 1.15

## TEA PLANT (Camellia Thea)

An evergreen shrub usually reaching a height, with us, of 8 to 10 feet, unless pruned back. Large, oval, serrate leaves; white, fragrant flowers, 1½ to 2 inches in diameter.

8 to 10 in. P.R., postpaid \$ .40  
10 to 15 in. P.R., postpaid .50  
15 to 18 in. P.R., postpaid .70  
18 to 24 in. B.&B., charges collect 1.15

## MICHELIA (Banana Shrub)

Michelia fuscata. (Magnolia fuscata.) (Banana Shrub.) In the South one of our most popular and desirable evergreen shrubs. From early April until June the plant produces flowers of banana-like fragrance.

8 to 10 in. P.R., postpaid \$ .50  
15 to 18 in. B.&B., charges collect .70  
18 to 24 in. B.&B., charges collect 1.15  
2 to 3 ft. B.&B., charges collect 1.70

## OLEANDERS

In evergreen shrubs this is one of the very best for the South, with its long narrow green leaves and well colored flowers. We have fine plants in Red, of the very best. Prices: Medium, 35c; Large, 60c; Specimen, 90c; Postpaid.

Eleagnus Variegata. (Russian Olive.) A hardy compact growing shrub with beautiful golden variegated leaves that is not affected by sun or cold. B. & B., 12 to 15 inches, 90c; 15 to 18 inches, \$1.15; 18 to 24 inches, \$1.70; 24 to 36 inches, \$2.30; charges collect.

Eleagnus Fruitlandi. Large glossy green leaves, silvery beneath.

18 to 24 in. B.&B., charges collect \$1.50  
24 to 36 in. B.&B., charges collect 1.65

## LIGUSTRUM (Privet)

None of our broad-leaved evergreens give a greater form of foliage and growth than Ligustrums. For groups or individual specimens there is nothing more desirable.

Ligustrum Lucidum. A beautiful form of Japanese Privet. Leaves large, thick, ovate, lanceolate, of a very dark shining green. Large heads of white flowers produced in May, followed by black berries, which are retained throughout the winter. A most desirable variety in foundation plantings.

Ligustrum nepalense. (Nepal Privet.) Resembles the Japanese Privet, but of smaller and more compact growth, and leaves somewhat smaller.

Ligustrum Cilium. A compact growing shrub with small roundish leaves which are faintly blotched, flowers white, followed by shiny black berries in the fall.

8 to 12 in. P.R., postpaid \$ .30  
12 to 15 in. P.R., postpaid .35  
15 to 18 in. P.R., postpaid .45  
18 to 24 in. B.&B., charges collect .65  
2 to 3 ft. B.&B., charges collect .90

Ligustrum Pyramidalis. Leaves are rather pointed, thick and glossy and of a decided upright habit of growth. For corners of houses, between windows and for back-ground this plant is indispensable.

12 to 15 in. P.B., postpaid \$ .30  
15 to 18 in. P.R., postpaid .35  
18 to 24 in. P.R., postpaid .45  
2 to 3 ft. B.&B., charges collect .70  
3 to 4 ft. B.&B., charges collect 1.15  
4 to 5 ft. B.&B., charges collect 1.70

Ligustrum Ovalifolium Aureum. (Golden California Privet.) The Golden variegated leaves are quite attractive among other shrubs.

Ligustrum Japonicum Aureum Marginatum. Strong grower. Large yellow colored leaves shading to deeper tones; heavy bearer of purple berries which contrast well with the yellow leaves in winter. Gives that contrast of color where planted in with other green evergreens.

12 to 15 in. P.R., postpaid \$ .35  
15 to 18 in. P.R., postpaid .45  
18 to 24 in. B.&B., charges collect .70  
2 to 3 ft. B.&B., charges collect .90

Ligustrum japonicum. (Japanese Privet.) A very handsome broad-leaved variety, with large dark green leaves. This plant can be grown into a small tree; can also be trimmed into pyramidal, standard or other forms.

12 to 15 in. P.R., postpaid \$ .30  
15 to 18 in. P.R., postpaid .40  
2 to 3 ft. P.R., charges collect .65

Ligustrum amurense. (Amur Privet.) True; from the Amur River in China. A very rapid and compact grower; foliage small. The best evergreen variety for hedges. 1 year, \$2.50 per 100; 2 year, \$4.00 per 100, charges collect.

## PHONTINIA GLABRA

This is a new introduction of Japanese broad-leaved evergreen, the foliage of which becomes very beautiful with its new growth effect when planted between evergreen conifers.

10 to 12 in. P.R., postpaid \$ .35  
12 to 15 in. B.&B., charges collect .70  
15 to 18 in. B.&B., charges collect .90  
18 to 24 in. B.&B., charges collect 1.15

Phoninia Serrulata. A large evergreen shrub with beautiful large shiny foliage which becomes very conspicuous in the fall as the older leaves take on a brilliant red shade, from 3 to 4 feet high.

10 to 12 in. P.R., postpaid \$ .45  
12 to 18 in. B.&B., charges collect .90  
18 to 24 in. B.&B., charges collect 1.15

## ENGLISH LAUREL

A vigorous spreading shrub with beautiful broad shining rich green foliage. Very desirable in foundation and border plantings. Growing well under adverse conditions.

12 to 18 in. B.&B., charges collect \$ .70  
18 to 24 in. B.&B., charges collect .95  
24 to 36 in. B.&B., charges collect 1.15

## PITTOSPORUM TOBIRA

A fine shrub, with dark green leaves clustered at the end of the branches. Plant is of compact growth; flowers yellowish-white, very fragrant, produced the middle of April and last a long time. A splendid shrub for specimens or massing, and can be trimmed in fanciful shapes.

10 to 15 in. P.R., postpaid \$ .45  
15 to 18 in. B.&B., charges collect .95  
18 to 24 in. B.&B., charges collect 1.15  
2 to 3 ft. B.&B., charges collect 1.70

## PITTOSPORUM (Variegated)

The same as above, except variegated.

10 to 12 in. B.&B., charges collect \$ .45  
12 to 15 in. B.&B., charges collect .95

## PYRACANTHA (Fire Thorn)

Pyracantha Coccinea Lalandi. An evergreen shrub of spreading habit, foliage a rich glossy green with white flowers in spring, followed by orange colored berries remaining on the shrub all winter.

Pyracantha Formosana. Leaves dark green with solid mass of brilliant red berries in the winter.

12 to 18 in. B.&B., charges collect \$ .90  
18 to 24 in. B.&B., charges collect 1.15  
24 to 36 in. B.&B., charges collect 1.40

## ILEX ROTUNDIFOLIA (Round Leaf Holly)

Very much branched with oval shiny green leaves somewhat like boxwood. Being semi-dwarf it is one of the best foundation plants.

8 to 10 in. P.R., postpaid \$ .30  
10 to 15 in. B.&B., charges collect .45  
15 to 18 in. B.&B., charges collect .70

Ilex Vomitoria. (Yaupon.) Small leaves of a glossy green, bearing immense quantities of berries, turning a bright red in early autumn and remaining until early spring.

10 to 12 in. P.R., postpaid \$ .30  
12 to 18 in. P.R., postpaid .40  
18 to 24 in. B.&B., charges collect .60

Olea Fragrans. (Sweet or Tea Olive.) An evergreen with bright glossy foliage and small, white sweet scented flowers borne in the winter and spring months.

8 to 12 in. P.R., postpaid \$ .30  
12 to 18 in. P.R., postpaid .45  
15 to 18 in. B.&B., charges collect 1.15

Cotoneaster Pannosa. A beautiful upright shrub with long arching branches. Leaves are dark above and silvery beneath with white flowers in spring and silvery red berries remaining through the winter.

Cotoneaster Franchetii. A spreading fast growing variety with arching branches. Leaves are green above and silvery beneath. Flowers deep pink in large clusters with red berries during winter.

12 to 15 in. P.R., postpaid \$ .30  
15 to 18 in. B.&B., charges collect .60  
18 to 24 in. B.&B., charges collect .90

## Deciduous and Flowering Shrubs

When right selections are made, the Shrub Border will show striking flower and foliage effects from early Spring to late Fall. Even in winter, the shrubs are attractive with gracefulness and color of stems and branches.

Shrubby, properly planted and massed, is most effective in bringing out certain features of the lawn, to screen some unsightly building or object, or to break the outline of foundation walls.

Weigela. Beautiful shrubs that bloom in April and May. The flowers are produced in so great profusion as to almost entirely hide the foliage. They are very desirable for the border or for grouping and also specimen plants for the lawn.

Rosea. If you can have only one Weigela, by all means plant this variety, which is of vigorous growth. Flowers are a deep pink and borne in great abundance.

Eva Rathke. Hardly as vigorous as some of the other varieties, but perhaps the most beautiful of all; flowers a deep carmine-red.

Amabilis. A medium-growing Weigela with excellent green foliage with flowers of deep pink on outer edge of petals shading to a delicate light pink in the throat and borne in large clusters.

Candida. Very beautiful green foliage; white flowers; blooms in the early spring.

Variegata. Not so rank a grower as the preceding varieties. Foliage variegated green and white. Very attractive flowers, pinkish white borne in great profusion.

18 to 24 in. P.R., postpaid \$ .40  
Specimen plants, postpaid .60

## FRENCH HYDRANGEA
